Emeyu New Organic Tea Bag Additions

Emeyu is launching three fabulous new organic flavour additions to its acclaimed range of biodegradable whole-leaf muslin tea bags

Organic Sencha: Awaken your senses with Organic Sencha, a highly aromatic green tea sourced from Uji, Japan's oldest, most renowned tea growing region. The dark green leaf yields a rich, flowery infusion that sparkles with energy and an earthy flavour that is the product of a thousand year old tradition of excellence.

Organic Karma Lotus: Karma Lotus calms the mind and quiets the senses, not unlike the Lotus flower rising untainted from its murky pond, symbolizing purity and perfection. This soothing infusion offers a mix of carefully selected lavender, chamomile and chrysanthemum blossoms.

Organic Red Berries: An excellently balanced fruit blend, Organic Red Berries offers refreshing notes of rosehip, tart blackberry and tangy hibiscus. A popular herbal tea choice
